## Deep Clean at School

This weekend the school will be getting a 'Deep Clean' after there has been a number of children affected with diarrhoea and/or vomiting recently.

Please can you ensure that all gym kits, medical boxes, schoolbags and everything taken home are cleaned and returned next week to school. Thank you so much for your cooperation. .

There are simple measures that can be taken to help prevent the spread of infection both at school and in the home which include:

- If you or your child has diarrhoea and/or vomiting, remain at home until 48 hours after the symptoms have settled.

- Encourage thorough handwashing particularly after visiting the toilet and before eating or preparing any food. Further information on handwashing, including children's songs and games, can be found at [www.washyourhandsofthem.com](http://www.washyourhandsofthem.com)
