CAR PARKING - IMPORTANT

Please could you be considerate when you are parking around the Kellands campus in the nearby streets. Residents have to have access to their drives and parking spaces at all times. I am sure you understand and will be mindful and park safely for the drop off and pick up times.

A reminder that the staff car parks at the front and nursery ends of the school are for STAFF ONLY and not to be used for dropping off as there are double yellow lines, and they become a bottleneck and creates a danger for the safety of the children.

Also a reminder to please not occupy the disabled parking spaces in the school car parks at any time as these are crucial for access.

We appreciate the difficulties with the extra parking restrictions due to the work at the hospital site impacting on increase parking at the turning circle at Kellands park; but we need to work together cooperatively for the safety of our Kellands' children.

If you have any ideas on how to help with this please get in touch with the school.

Thank you for your help and understanding in this matter.

Entry to Unit 1 at start of Day

We are working really hard to make the start of the day for our P1s and P2s as settled as we possibly can. We have resourced and changed our PSA timetable to have the same level of adult support that we have at playtime and lunchtime. This is to allow the children to come and play and access all areas of the playground and for parents to feel they can leave, reassured that their children are safe and secure. The children line up brilliantly at both these times during the day and have practised with the class teachers.

With the shape of our playground entry and the sheer volume of children and adults; make it a complete gridlock with so many people in that area. This means the children are finding it difficult to line up appropriately with it being so busy. We would continue to encourage P2 parents to leave their children when dropping them off and hope that many of our P1 parents feel more assured to leave too.

We understand if you feel you need to stay, but could we please ask you to keep in to the side against the walls to keep the middle area clear for lining up. We really appreciate your help and support in this matter.

I have been personally monitoring the situation in unit 1 as the children come into school and I can reassure all parents that there have been no tears when they go upstairs into their classrooms.

Thank you to all P1 and P2 parents for your support.

Dons family in training

Please see below a bespoke project being ran by the Aberdeen FC Community Trust in Inverurie to help families lead a healthier lifestyle by learning about healthy eating and how to become more active.

The programme is based around a 45 minute education input and 45 minutes physical activity. The physical activity is designed for the family to take part together.

The programme was developed as a pilot between NHS Grampian and the Aberdeen FC Community Trust and having proved successful we are rolling this out to people from Inverurie and the surrounding areas. The programme is FREE to everyone who attends but the spaces are limited.

The programme is based around a 45 minute education input on healthy living and eating habits and 45 minutes physical activity through a variety of interactive and fun games.

The project is open to all but if there is any families you feel would benefit from DFIT in particular, please signpost them towards this programme.

Please see below a description below to forward to parents at your respective school, thank you in advance for promoting DFIT and hopefully changing lives for the better!!
